Enlarged Aviation and Industrial Program Is Being Started at Chaffey

HANGAR PURCHASED AND OTHER STEPS TAKEN BY LEADERS

Answering the demand of industries and of the army and navy for more trained men, Chaffey officials are today preparing to start a tremendously enlarged program on at least three fronts.

Chaffey is scheduled to purchase the airplane hangar and classroom at the Ontario airport for use now and when peace comes to give practical training for men in the airplane industry.

Establishment of a cadet training air field at Silver lake, on the desert near Baker, is also being effected with the first class to start Monday, a week later than had been anticipated.

Factories need skilled men but first they must be trained and for that reason Chaffey's unusually equipped shops will become the center of attention for many scores of men.

Chaffey officials are working in close cooperation with army officers and industrial leaders. Because of the unusually fine educational facilities and because of the Ontario airport, this area is reported to be the scene of greater industrial expansion.

The airplane hangar and classroom was leased formerly by the city of Ontario to the Nelson flying service. With money from the Chaffey trust fund, the school district will purchase the Nelson equipment from Ontario. These facilities are scheduled to become part of the Chaffey campus, although certain details are to be completed.

Through the cooperation of C. E. Grier, chairman of the county board of supervisors, final arrangements have been completed for Chaffey to obtain a flying field at Silver lake. Sixty students will be given pilot training.

New Standard Class In First Aid Being Started Next Week

A new standard class in Red Cross first aid is being organized and will meet at the home of Mrs. Leon Durham, 1124 North Euclid avenue, each Wednesday morning, 9 to 11 o'clock.

Mrs. F. A. Dickley, accredited Red Cross instructor, will be in charge.

The first meeting will be held next Wednesday morning and all interested persons are urged to be at the Durham home to enroll for this essential study.

The morning class is being organized to accommodate those who cannot attend evening classes.

Pre-School Clinic Monday Morning at Elementary School

Arrangements have been made for a pre-school clinic to be held next Monday morning at the Upland Elementary school building, under the auspices of the Upland Parent-Teacher association.

The clinic will be held in the teachers room from 9 a. m. to 12 noon, with Dr. Ellerine McCoy in charge. Assisting the physician will be Mrs. Lloyd Gilmore, school nurse, and Mrs. Bert Reed, clinic chairman for the P.-T. A.

Appointments for examinations must be made with Mrs. Reed, telephone 312-198.

Mrs. Martha Bacon, who makes her home with her son-in-law and daughter, Mr. and Mrs. W. J. Mitchell, 283 South Third avenue, has returned from a two weeks visit with another son-in-law and daughter, Mr. and Mrs. Sohrweide of Long Beach.

City Seeks Means To Erase Upland Aerial Name Sign

In a letter received by City Manager R. G. Manley this week, the Civil Aeronautics Administration disclaims responsibility for effacing the Upland name sign which is a guide for air traffic and which was placed on the roof of the W. E. Allen storage building several years ago at the request of the C. A. A.

Action of the C. A. A. in indicating that the air marker should be removed by local officials tosses the problem back into the lap of City Manager Manley. Originally, it is said by local persons, the C. A. A., when it requested that the name sign be made, gave assurance that it would bear the expense of removing it should this become necessary.

To obliterate the sign by painting the entire roof would require 195 gallons of paint, it is estimated. So, in view of the most recent declaration of the C. A. A., City Manager Manley is probing the possibilities of securing a couple of gallons of paint so that the sign can be made illegible at least.

HENRY YOUNG JOINS POLICE

Appointment of Henry Young, Highland court, to serve as patrolman in the Upland police department was announced this morning by Chief of Police E. C. Mehl.

Other shifts in the police department will become effective on Sunday, March 1, with the departure of DeVon Francisco, who has served as desk sergeant for a number of years, and who recently enlisted as yoeman, third class, in the United States Navy. These changes are announced by Chief Mehl as follows:

Patrolman G. Darwin Brest will be promoted to sergeant and will move from the night shift to take the day duty at headquarters desk. Patrolman William Snyder will take Officer Brest's place on the radio night patrol.

Patrolman M. L. Leman, who has been on the night foot beat, will be transferred to the relief shift, while Mr. Young will go onto the force in this position vacated by Patrolman Leaman.

Jaysee Students Enrolling in New First Aid Class

Increased activity for national defense by the Chaffey junior college student body is indicated by the first classes in Red Cross first aid which begin today and the results of the student questionnaires which have been tabulated by members of the student committees headed by Henry Jensen.

Of the 250 students who designated interest in first aid, 70 are already taking the advanced class under Mrs. Harriet Fleming. Some have had first aid work in high school. James Cox and Crystal Relph, student chairmen, have worked out the present class schedule for six classes meeting twice a week.

Fine Imposed for Not Heeding City Sales Ordinance

Jack Fuller, 22, 3040½ Valle Vista, Los Angeles, delivery man for a dog food company, was cited before Judge Mildred R. Puckett yesterday morning on a warrant charging delivery and sales operations without a city license. He was fined $10, which was paid by his company, together with a payment of the city license.

The company had continued sales and delivery of its product over a considerable period of time in violation of the city ordinance, city officials said. Even though it had been notified by the court of its violation of the ordinance, the company continued operation in disregard of it, it was pointed out.

HOUSING AUTHORITY TO VACATE WORST OF SITE DWELLINGS

Plans were made to vacate as soon as possible the worst properties on the clearance site of the property now owned by the Housing Authority of the City of Upland at a meeting of the authority board held this morning.

Pending consideration of the granting of a priority number for the construction of the projects, it was decided by the board to permit some of the more habitable places to remain occupied. Already 10 places have been vacated.

RENTAL SHORTAGE ACUTE

Investigation of the condition of the houses was made recently by Richard Derby, city building inspector; Alan C. Couch, commissioner of the housing authority, and Mrs. Douglas Black, recording secretary of the authority.

Present at the meeting were Chairman Paul F. Schowalter, Alan A. Couch, Everett W. Henry, Dr. Lilian F. Baxter and Mrs. Black.

Open Road Beckons Students on Annual "Ditch Day" Outing

The time-honored institution of "Ditch Day" was celebrated yesterday by stndents of Los Angeles, Fullerton and other metropolitan seats of learning, and, as a result, many of the youthful celebrants spent the day at Snow Crest in San Antonio canyon.

No, "Ditch Day" is not an irrigation festival, as it might sound at first mention, but is the official day when school pupils take a traditional A. W. O. L. from the paths of learning and jaunt off on pleasures bent. It is as old as perennial youth itself and as irrepressive. It is the call to the open road and green pastures, to the highways and byways.

Yesterday, its devotees enjoyed their customary abandon with a flourish and stretched their rubber to the limit, for another year may find their horizons restricted by contraction of constricting rubber rations.

Home Saved When Flames Destroy Wm. McKee Barn

Fire is reported to have destroyed the barn on the William McKee place on Etiwanda avenue, just north of Baseline, about 7 o'clock on Wednesday evening.

Apparently gaining speedy headway, the flames consumed the barn, as firemen were forced to concentrate their efforts on saving the house, which was very near the destroyed structure.

PERRY LONG WILL SEEK REELECTION

Perry Long will be a candidate for reelection to the city council in the April balloting.

While he has not obtained nomination papers, Mr. Long when asked about his decision, said that he had decided to allow his name to go on the ballot and that he would formally file his candidacy soon.

In the last weeks of a four-year term, Mr. Long was chosen by the voters in 1938 as one of their representatives on the municipality's offical body. He has been an Upland resident for many years.

Three councilmen are to be reelected in April. The terms of Mr. Long, A. H. Johnson and D. J. Cameron expire.

Wednesday Air Raid Blackout Finds Upland Set-Up Working Efficiently

With Upland and the surrounding valley the darkest and quietest it has been since the days of the Dons, the Wednesday morning blackout brought the rumble of coastal anti-aircraft batteries to Uplanders as the guns went into action against enemy air trespassers over Los Angeles harbor area in the first aerial war action to take place on continental United States.

LOCAL WORK PRAISED

Upland's blackout was total; air raid wardens and fire watchers performed their patrols efficiently, while blackout deputy police cinched a tight check on all traffic movement. Chief of Police E. C. Mehl, C. Ernest Olson, director of air raid wardens and fire watchers, and E. Tweed Stone, instructor and coordinator of defense activities, pronounced the performance of all blackout duties by workers to be highly efficient and effective.

Citizens too were commended for their cooperation and compliance with all directions. Prompt response of all workers going into action on the instantaneous sound of the blackout without an alert period was particularly remarked by city and air raid officials.

Little difficulty was had in securing the extinguishment of all lights, except for the Foothill boulevard strip west of the city limits, where it took nearly half an hour to get some of the neon signs out. A very few store night lights also were said to need remedying.

GUNNERY SEEN AND HEARD

All air raid workers in vantage positions were unanimous in agreeing that they would not have missed for anything the spectacle of the first actual anti-aircraft action on this continent, which was visible and audible in Upland, some 40 to 50 miles from the scene of action. The bark of guns and detonation of shells was heard as a rumble along the distant horizon.

Most impressive was the mammoth cone of searchlight beams which formed a migratory wigwam in the sky as they followed the course of the invaders' flight from Santa Monica bay to Long Beach. Constantly flecking the apex of searchlight beams which stabbed the sky were the flashing bursts of shells loosing their lethal shrapnel. Reminder that it was not a Fourth of July display was the unity of purpose of the searchlight beams, the uniformity of the AA bursts, the dark-

Blackout ABC's

BLACKOUT

Blackout alarm: Series of up and down blasts of the fire siren continuous for a period of three minutes.

ALL-CLEAR

All-clear signal: A steady single blast of the fire siren sustained for a period of two minutes.

CONTROL

Control phone number for air raid wardens and fire watchers is 317-140.

REFLECTORS

Red reflectors which are required for automobiles are recommended for the use of deputy police instead of flashlights to be held in the hand for signalling automobiles.

NO TRAFFIC

All traffic is required by state law and city ordinance to stop and remain with lights out until the all-clear signal is sounded.

NO LIGHTS

All lights of every nature also are required to be extinguished for the duration of the blackout.

AIR RAID WORKERS TO MEET TONIGHT

Upland air raid wardens and fire watchers will assemble in the auditorium of Upland junior high school tonight at 7 o'clock for their regular two-hour training session, it is announced by Edwin Dean, chairman of the group.

Following their early Wednesday morning workout during an actual blackout, interest in the work is at high pitch, civilian defense officials declare, and a 100 per cent turnout is expected. It is expected that the meeting will base much of its discussion and instruction upon actual experience gained the other night.

Armband insignia will be given out in the school office before the meeting, as admission will be by armband only in the future.

VOTERS HAVE SIX DAYS TO REGISTER

Remember to register! Next Thursday, March 5, is the last day that one may register in order to be eligible to vote in the April city election. Offices to be filled are those of three city councilmen and city clerk.

Persons wishing to get their voting status in order may do so by registering with Mrs. Harry Plum at the Upland chamber of commerce, 130 East Ninth street, or with Judge Fred H. Jacobs, 421 Eighth avenue.

Residence requirements for registration are one year in the state; 90 days in the county, and 40 days in the precinct. Naturalized persons must have been citizens of the United States at least 60 days.

Saving of Canceled Stamps Will Assist Hospitals For Children

"Keep saving your stamps," is the plea made by Dr. A. A. Aita, business administrator of San Antonio Community hospital and chairman of the Southern California Committee for Conservation of Hospital Supplies and Services.

The plea is repeated by Miss Earl H. Johnson, president of the Woman's Auxiliary of San Antonio Community hospital.

Notwithstanding various opinions expressed to the contrary, some even published in trade journals, the old stamps are valuable.

It is not the ink or the dye that is wanted. Purpose of saving the canceled stamps is given in the following information received by Mrs. Johnson:

"After philatelists have first had the opportunity to buy old or rare ones, the canceled stamps are made into papier-mache and used in children's hospitals for bandaging, in place of the heavy plaster-of-Paris so painful to tiny limbs. It is the dextrine on the back of the stamps that is valuable, and the American stamps are preferred above all others for this purpose. Do not soak off the stamps; tear them all out and then cut, leaving a tiny margin outside the perforated edge. Put rare, old, or foreign ones in separate envelope."

GLUE NEEDED

It is said the glue on the stamps helps make the mulch tough and strong.

Boxes in which stamps may be deposited have been placed in various business houses down town, or they may be left at the hospital.

Stamps are being saved by the tons throughout the country and are proving a valuable contribution, not only in supplying superior material, but also in saving considerable money.

DIVIDEND DAY IN 52ND WEEK; $1300 OFFERED IN YEAR

WINS $10 OF FOOD FUND

Mrs. W. E. Donovan, 539 East Foothill boulevard, was awarded $10 of The Upland News food advertising fund last night. Mrs. Blanche Connor, 167 Tenth avenue, failed to qualify for the $75 which was offered. In accordance with the announced plan, a second drawing was held and Mrs. Donovan qualified to receive the $10.

Today is the fifty-second consecutive week the Upland merchants have sponsored "dividend day" and the page advertisement in The Upland News.

Since the start of the popular merchandizing program, the participating merchants and The News have offered $1,300. Of this sum, $1,251 have been presented to individuals. The award tomorrow of $49 makes up the total of $1,300 offered during the year. This sum does not include the first of the week food advertising fund, which is sponsored by The News.

The public's enthusiastic response to the dividend day advertising has made possible continuation of the weekly event. At the outset and at each succeeding week, people throughout the Upland district eagerly participated in the merchants' offerings and qualified to receive the weekly cash award.

The fact that every family in Upland, Alta Loma, Cucamonga and Etiwanda was eligible to participate was one attractive feature. The fact that the participating merchants offered many outstanding bargains appealed to many buyers. And, of course, the opportunity to share in the cash awards was a big attraction.

The merchandising plan will be continued indefinitely—as long as the public responds.

Approximately 2,400 houses are listed in The News' complete residential directory. Each week a drawing is held to determine to which address the dividend day messenger will call and offer the money. This directory is on display at The News office and all persons are urged to inspect it and to make sure their address is included.

Fifteen Upland firms are cooperating in the dividend day plan. These firms are: Mac, the Medicine Man, J. J. Atwood Co., Upland Furniture Co., McFadden's 5c, 10c, 25c store, Paul Fetrow, Upland Pharmacy, Rowe Hardware Co., Ideal Cleaners, Huxtable's pharmacy, Strieby store, Goodban's Brownbilt shoe store, Ellery F. Wright, Alan A. Couch, Harnish Dry Goods Co., and Gilliland Gardens.

ONTARIO PRESENTS REQUEST FOR PAY

Ontario city council at its meeting on Wednesday evening this week, raised the matter of "adequate compensation" which it seeks for use of the sewage disposal plant.

After consideration of the question, the Ontario council adopted a formal resolution in which it set forth its opinion that a contract for its handling of Upland sewage expired on November 5, 1941. It then declared the handling of Upland sewage since that date to be "without right" and demanded "adequate compensation" for such service.

A copy of the resolution was ordered forwarded to the Upland city council.

Mr. and Mrs. G. C. Schrader and daughter, Dorothy Mae, of San Diego, were guests Sunday of Mrs. Schrader's brother-in-law and sister, Mr. and Mrs. Rae E. Pyle, 260 South Second avenue. A guest in the Pyle home Monday was Mr. Pyle's nephew, Robert Carpenter, also of San Diego.

Over $2,800 Still Must Be Raised by Red Cross

Seasonal Rainfall Ebbs to Low Tide For 18-Year Span

Rainfall continued to climb the Upland rain gauge, with an increase of .31 inch on Tuesday night, bringing the 1941-42 season total to 10.46 inches, as compared with 22.02 for the same date a year ago.

February rainfall to date this year totals 1.67, the lightest in the past nine years. Seasonal rainfall to date this year is the lightest in 18 years.

Precipitation at Camp Baldy ranger station is 15.46 inches to date for this year, as compared with 32.87 inches for the same period last year. Rainfall for both Upland district and Camp Baldy this year is approximately two inches less than half of what it was during the 1940-41 season, the records show.

Mr. and Mrs. W. J. Mitchell of South Third avenue, and their daughter, Mary Alice, and Mr. and Mrs. W. G. Rowland and son, Francis, of Ontario, spent the past week end holiday on a motor trip to Fort Ord. They met many of the soldiers who have visited here and the boys asked them to bring greetings to their friends in Upland.

FEB. BUILDING GOES ON SKIDS

With but seven permits totaling $1,900 for the month of February, Upland building for this month takes next to the lowest monthly building record during the past 26 months, only December, 1941, crowding it out of bottom place by a scant $175.

February building in 1941 amounted to $3,071 and in 1940 to $8,803. Not one new home was included in the present month's construction. All permits were for alterations or remodeling, reroofing and garage erection.

However, with all the low records which this February takes, the fact nevertheless remains that January and February of 1942 together account for $10,174 in building activity, surpassing the same two months of 1941 by exactly $1,900, the amount of this month's building.

No other months but this February and December, 1941, out of the past 26 months have fallen below a building total of at least over $3,000. The only permit issued during this last week in the month was for the reroofing of the J. W. Shepperson residence at 2222 North Euclid avenue.

First National Bank Aids in Big Sale of Defense Investment

More than $25,000,000 of defense bonds and stamps have been sold by the 67 independent banks in communities throughout Southern California as of Jan. 31, according to Chas. V. Barr, president of First National Bank of Upland.

The report shows that of this total, the local bank, one of the independent institutions, has sold $65,231 of bonds to help swell the nation's war chest.

"Combined figures indicate that each of the banks in the 67 communities has not only qualified to sell bonds, but is contributing a substantial amount of time and money toward pushing the sales," Mr. Barr said.

A total of 291 man hours per day is devoted by the 67 independent banks to the sale of defense bonds. This is equal to 36 men each working a full eight hour day. In addition to employing these men, the various independent banks are spending sizable amounts for advertising defense bonds.

$683 SUBSCRIBED TO WAR AID FUNDS DURING PAST WEEK

Intensification of the drive to raise its war emergency relief quota has been begun this week by Upland chapter of the American Red Cross at a special meeting of the drive committee which was held Tuesday evening in the city hall, with Chairman D. J. Cameron presiding.

With $683.59 having been raised since last Friday, which includes $142 from employees of the Old Baldy Citrus association, there still remains $2,884.20 to be subscribed in order to put Upland's $7,150 quota over the top.

"The present war emergency drive must not be confused with the regular membership drive which was completed last fall," it was declared by Mr. Cameron. "Great as the amount may seem, it must be subscribed in order to assure the Red Cross' traditional aid to the armed forces," he said with emphasis.

"Fifteen per cent, or $1,072.50, of the emergency quota will remain for use of the local chapter, and the balance will go to national headquarters to aid in carrying on the world-wide program of relief," Mr. Cameron told the members of theh drive committee.

Members of the drive committee who attended the meeting on Tuesday evening included Chairman Cameron, A. C. Reynolds, Mrs. Frank Phillips, Mrs. Arthur H. Pehl, Mrs. Hjalmar Anderson, Ernest H. Gibson, Will Rugg, James F. Goodman, Dr. Ralph D. Ryan, George Eyer, Howard Mason and Eldon Bert.

Robert Townsend Goes to Training Camp in Carolina

Mr. and Mrs. Robert F. Townsend (June Ansbro), whose marriage was a recent event, left on Tuesday for other places, after spending several days with Mr. Townsend's mother, Mrs. Elizabeth Townsend, and his grandmother, Mrs. B. H. Strother, 249 North Palm avenue.

Mr. Townsend, who is a corporal in the U. S. Coast Artillery, and his bride also spent several days at her home in Santa Monica, where they were feted at several post-nuptial courtesies.

Accompanied by Mr. Townsend's sister, Miss Betty Townsend, they made a trip to San Diego and visited friends there.

Mr. Townsend has been in training at Camp Callan near LaJolla and for the coming three months he will be stationed at a training camp in North Carolina and he is now enroute to the Atlantic coast. Mrs. Townsend has returned to Westwood to complete her senior year in the University of California at Los Angeles.

Friends Remind "Deak" That He Is Shoving Off

DeVon Francisco, desk sergeant of the Upland police department, who is about to shove off to become a member of United States naval forces, this morning was proudly exhibiting a leather cigarette case which was given to him to take along on his adventures.

A card which was attached to it, and which was particularly dedicated to a sailorman, was signed "Lucy and John and the Gang".

Kenneth Stacy, who joined the navy in May, returned to Upland today for a brief visit with his mother, Mrs. Estella Stacy, 605 North First avenue. The sailor, who is assigned to one of the ships on active duty in the Pacific ocean, will leave here Sunday noon to report again for service.

The Country Must Come First

"Conversion of Government" is the title of a vigorous and telling editorial in the Washington Post that has jarred the capitol.

"The Post submits," the editorial says in part, "that if there is any one industry in this country which needs conversion to a wartime basis it is our government.

"The government stopped the automobile industry to convert it to a wartime armament program. All over the country thousands of men, the dealers, are without a livelihood . . . There was no mass protest about this from the automobile dealers. They took it without a whimper like good soldiers. . The country comes first.

"Now take a look at government . . . Half the parasites in Washington are coordinators and fancy titled people in screwball jobs, doing their best to think of something to start that will outstrip another department doing the same thing. This does not sound like war-time operations. The people who desperately want to save our country are not complacent about it either."

Californians, in the front line on the most dangerous front on the continent, can hardly be complacent either when they read that the WPA is receiving allotments in million-dollar sizes for improvements in streets and alleys of cities whose need now is for defense planes and anti-aircraft guns. Nor can they be complacent at news that a dubious inland waterway project rejected by the U. S. Senate eight years ago, the old St. Lawrence river project, has been revived in the present Congress in a bill calling for construction, enormously costly in money and materials, which will require five years to complete—and revived under the cloak of the national defense emergency.

The people, as the Post asserts, "are going to be paying half their income in taxes, they are going to see their sons marching away in increasing numbers. But they are not going to stand for cockeyed social reformers and professional project planners wasting materials and money when American soldiers are fighting without airplanes."—California Feature Service.

Congressional Faces Should Be Burning With Shame

Are any Congressmen proud of their record on the pension bill? While all of the representatives and senators from California voted to repeal the pensions-for-Congressmen bill, it must be remembered the pension measure originally received unanimous endorsement.

In other words, the pension measure would be on the statute books now if the public had not been sufficiently advised of the measure and if the public protests had not poured in upon the Washington, D. C., office holders.

In plain words, the congressmen tried to get away with something. The fact that they repealed the measure is nothing to their credit. Suspicion is only aroused as to what else the congressmen have "gotten away with".

Every possible consideration, as a rule, should be given public officials. They are blamed and berated by someone all the time. It's their job to do what they think is best and they are going to be in hot water many times for whatever they do.

The idea of voting themselves pensions, however, can never be justified. Their faces should be burning with shame.

Congratulations, Gordon Billings, On 20 Years of Service

Gordon Billings has been doing business in Alta Loma 20 years. He has been a community leader for 20 years. He has been an outstanding asset to the neighboring district since he opened his grocery store on Amethyst avenue in 1922.

That community would have been different today if Mr. Billings had not located there. He has been a constructive builder of community spirit and betterment and he has given unselfishly of his time to many enterprises and organizations.

Friendly , an exceedingly hard worker and always loyal to every cause that benefits his fellow citizens and his community, Mr. Billings deserves the sincere congratulations of everyone in his home community and throughout the Chaffey district.

Final Service for Mrs. Daniels Held At Upland Chapel

Funeral service for Mrs. C. D. Daniels, who passed away last Saturday at her home, 507 West street, was held at 2 o'clock on Wednesday afternoon at Draper's Upland chapel.

The large chapel was filled to capacity by friends who gathered to pay tribute to her memory.

There were a great many beautiful flowers, including a number of offerings from church groups and other organizations in which she held membership.

The service was conducted by the Rev. Lionel C. Kenworthy, pastor of the Unity church in Pomona, of which Mrs. Daniels was a member.

Music for the service was provided by Mrs. Ralph M. Myers, who sang "In the Garden" and "Omnipresence".

Among those attending in a body were members of Mary Brainard tent, Daughters of Union Veterans. Besides the immediate family, two sisters of Mrs. Daniels, Mrs. Ida Hoft of Wall Lake, Iowa, and Mrs. Carl Hoffmeister of Wheatland, Iowa, were present for the service.

Private cremation occurred in Bellevue cemetery.

Frances Paul Girls To Hear of Pearl Harbor Monday

Mrs. C. C. Gill of Claremont, who was in the midst of the Japanese air raid on Pearl Harbor, will speak at the meeting of the Frances Paul Girls of the Presbyterian church to be held Monday evening at 7:30, at the home of Mrs. Irvin Kremer, 412 Rosewood court, Ontario.

Mrs. Gill and her husband, Dr. Gilll, who has the rank of major in the U. S. army, were living at Hickam field when the raid occurred, and she has a vivid, eyewitness account to give of the history-making event.

Mrs. Gill was the speaker at the meeting of the Upland Lions club in Red Hill Country club house Thursday. She is a cousin of Mrs. Vernon V. Paine. She and her children were evacuated after the raid, but Dr. Gill, who was scheduled for transfer from the islands in December, has been detained for army service in Hawaii.

Relatives Honor Patriarch at Reunion

Following a reunion of the Page relatives which was held on Sunday in the dining hall of the Brethren in Christ church, J. H. Page, Abilene, Kansas, left for San Diego.

Mr. Page, who has been visiting here for the past two weeks, was the honored guest at the contributed dish dinner at which 34 persons were present. A short program and visiting filled the afternoon, with Mr. Page relating many stories of early days. He also presented the group with a fine book in which to keep future records of the Page family organization.

Mr. Page, who is 82 years of age, is the only surviving uncle of: S. P. Noll, Pomona; M. P. Noll. Ontario; J. P. Bert, J. W. Bert, Mrs. Sarah Hoover, Mrs. Cora Page Byer and Miss Fannie Bert, all of Upland.

Faculty Wives Club Holds Spring Tea

Following the patriotic theme, symbolizing the month of presidents, the Chaffey Faculty Women's club held its spring tea on Thursday in the Little Theatre. Appointments and floral decorations were in keeping with the patriotic theme.

Presiding at the tea table were Mrs. S. Earle Blakeslee, Mrs. Fred Clapp, Miss Adeline Nyberg and Miss Kelly. Composing the invitations committee were Mrs. Helen Bridge, Miss Rosmond Norman, Miss Hattie Withey, Miss Helen Henrickson and Mrs. Geoffry Fleming. Decorations were arranged by Miss Katharine Hyde and Miss Emma Ordung and the refreshments committee included Mrs. W. H. Kegley, Miss Dorothy Webster, and Miss Mable Stanford.

Entertainer Delights Audience as Club Women Meet

A meeting that combined especially pleasing entertainment and an interesting business session with a delightful tea hour, was enjoyed Tuesday by members of the Upland Woman's club and their guests, the occasion being designated as guest day.

Mrs. Emily J. Austin, club president, presided and the meeting began with the usual opening ceremonies, which included the singing of "The Star Spangled Banner' by Mrs. Marion Maxwell, with Mrs. Vernon V. Paine accompanying.

A "certificate of grandparentship" of which the club members are quite proud, had just been received from the China Relief Commission in Los Angeles and was exhibited. The document has been hung in the club house.

The club became a grandparent recently when the members adopted a Chinese child by subscribing $20 for its care. That sum will provide housing, clothing, food and schooling for one child for a year.

Mrs. Austin also called attention to the complete set of blackout curtains recently installed in the club house. The curtains were carefully hung and provide a complete blackout for the entire building. They were installed under the direction of a committee of which Mrs. Sargent was chairman.

The county board meeting in Muscoy on March 6 was announced by Mrs. Austin and she also called attention to the Womans' Civic Conference to be held at the University of Southern California in Los Angeles on March 26. Mrs. Austin and Mrs. Alfred R. Kipp are members of the executive committee.

Providing just what the club women had asked for, a program designed entirely as tension-relieving entertainment, Curtis Burnley Railing, noted reader and impersonator, delighted her audience.

Presented by Mrs. J. Emery Sargent, program chairman, Mrs. Railing gave a brief "account of herself", stating she is a native of Virginia and that it is her mission and her joy to make people smile, to help them forget serious and troublesome things for a time and to laugh for the "sheer fun of it".

She also gave a humorous account of her many years in the theatre, during which she made 10 trips to London; and of her humorous experiences in character parts in motion pictures and in radio programs.

Mrs. Railing presented several plays in which she very cleverly portrayed each of the several characters and maintained the continuity of the humorous stories that brought hearty laughter from the audience.

Her program included a wide variety of impersonations, including several of the Southern Negro. On the more serious side, she read one of her own poems, a beautifully worded verse expressing an equally beautiful sentiment. She also spoke briefly of the present necessity for one to help by remaining calm and assured in spirit and by refusing to believe or to repeat detrimental rumors. As a parting aid she gave her audience this thought: "Every morning to myself I'll say, 'Something happy is here today—for God is with me'."

The program was followed by the tea hour and the club members and their guests enjoyed a time of visiting.

Mrs. Glenn M. Atwood and Mrs. Jeannette Whitmer presided at the tea table, which was graced with an arrangement of pink sweet peas. Peach blossoms were used in the auditorium decorations.

Mrs. S. M. Jessup and her February committee were hostesses for the afternoon.

Family Dinner Held At Walk Home

Mrs. R. H. Coffer of Sacramento is visiting for a week or more with her parents, Mr. and Mrs. W. E. Walk, 744 East Ninth street and she was instrumental in bringing together all members of the family for a pleasant dinner gathering last evening at the Walk home.

This was the first time the sons and daughter and the "in-laws" had been together, the only missing member being Mr. Coffer, who could not leave Sacramento.

In the group were Ensign William Walk and Mrs. Walk of San Diego; Mr. and Mrs. Harvey McIntosh and son George Harvey of Long Beach, Mr. and Mrs. Paul McIntosh and two daughters of Upland, Mrs. Coffer and Mr. and Mrs. Walk.

Mrs. Coffer expects to return to her home next week.

Romantic Tahiti Seen By Faculty Wives As Film Shown

Meeting in the W. R. C. Memorial hall in Ontario for a 12:30 luncheon, the Chaffey Faculty Wives enjoyed a program of unusual interest Thursday, when they were shown colored pictures of the rare scenic beauty of the Society Islands in the Pacific South Seas, and saw fascinating bits of the romantic life in the tropics.

Mrs. A. Chris Daniels, president of the club, conducted a brief business session following the luncheon and presented her friends, Mr. and Mrs. Perce Marples of Balboa Island, who provided the program.

Mr. and Mrs. Marples spent 10 months in Tahita about two years ago and he and Mrs. Marples made a remarkably complete pictorial record of the native life there.

As Mr. Marples showed the films and explained the scenes, Mrs. Marples played records of Tahitian music.

Tahiti and the neighboring islands contain many places of picturesque beauty and Mr. Marples showed a number of the scenes in gorgeous color. He also showed many scenes of native life, picturing the Tahitians as they go about their daily tasks, erecting their comparatively flimsy homes, building primitive boats, fishing and bringing in their daily supply of cocoanuts, fruits and other foods that are theirs for the gathering.

One film of exceptional interest was made during a special celebration and flower fiesta. Their flower covered "floats" that were paraded to the accompaniment of dancing and singing would rival any Rose Tournament parade, Mr. Marples declared.

During the meeting Mrs. Gardiner W. Spring told of another special program to be presented at the next meeting, March 26, in the Upland Woman's club house.

At that time Prof. Glenn Lukens of the University of Southern California, a nationally known authority on ceramics, will speak on ceramics and glass. Dr. Lukens, noted for his re-discovery of the process of producing the turquoise glaze achieved by the ancient Egyptians, has been awarded a national prize for ceramics design.

Hostess committee for the meeting yesterday included Mrs. J. C. Tolman, chairman, and the Mesdames Roy Vick, John Homewood, L. J. Horsch, Donald Jacobs, John L. McCutchen, Fred H. Clapp and Herbert S. Bailey.

Country Club Dance Saturday Night

Red Hill Country club's monthly dance will be held Saturday night, it is announced by Thos. J. Sheehan, club secretary.

Dinner will be served on reservation at 8:30 and Maitral's orchestra will provide music for the evening of dancing.

COLLEGE HEIGHTS

Mr. and Mrs. H. E. Passig of North Central avenue, had the pleasure of entertaining Mr. Passig's cousins, Mr. and Mrs. Gordon Newcity of Tulare, for four days this week. The visitors left Wednesday.

Mrs. Harold P. Baird spent Tuesday at the White Memorial hospital in Los Angeles, where she went for medical observation and to have more X-ray pictures taken of her left arm. After five weeks, her broken arm is not healing, due to her osteoporosis bone condition. While this is very painful, still her many friends are hoping for her speedy recovery.

Mr. and Mrs. R. H. Heustis of 1832 West Ninth street, have sold their residence to Mr. and Mrs. Clarence Cooper of Upland. Mr. and Mrs. Heustis have purchased a new home at 1534 Ganesha Place, in Pomona, so they can be near their daughter, who also lives in Ganesha Place. They expect to move to their new home before the first of March. Mr. and Mrs. Heustis formerly resided in Eugene, Ore.

The two soldier sons of Mr. and Mrs. E. E. List were home on Sunday, the first time that the two brothers have been home at the same time in two and a half years. Corp. Andrew List of Lakeside and Pvt. Philip F. List of Van Nuys completed the family group at a particularly happy family dinner at the List home.

Mr. and Mrs. Robert Licklider of Tulare were guests Sunday at the home of Dr. and Mrs. James V. Latimer.

Mr. and Mrs. Thomas Latimer left today by motor for their former home in Newark, N.J. Mr. and Mrs. Latimer came to California about a year ago to be with his brother and sister-in-law, Dr. and Mrs. James V. Latimer. It had been over 30 years since the two brothers had been together. Mr. and Mrs. Latimer expect to return to California next fall to make their home here.

Mr. and Mrs. Hoy Johnson and children of San Bernardino were dinner guests of Mr. and Mrs. W. J. Jaschke on Saturday.

Mrs. F. J. White, 377 Drake avenue, has been confined to her bed for the past week, for a rest and medical treatment.

Mrs. Joe Morgensen demonstrated the practical benefits of her first aid training course one night recently. A neighbor, Mrs. B. S. Boyd, of Eleventh street, was unable to reach her family physician when Mr. Boyd had a prolonged spell of nose bleed, so she telephoned Mrs. Morgensen, who very efficiently applied pressure where it would do the most good and stopped the excessive bleeding.

Mrs. Albert Wisebrod and baby son, Shephen Lee, born at the Pomona Valley hospital, were brought to their home on Wednesday.

Joan Morgensen is out of school this week with a case of chickenpox, and Clifford Farrington is missing school on account of a sore throat.

Saturday Is Dividend Day!

A QUESTION IN EVERY ADV.

You will note that in each space is an easy-to-answer question. To qualify for the Dividend Day award, you must answer the questions listed by the firms from which you have salesslips.

For Example—If you have a sales slip from Blank Co., you must write the answer to the Blank Co. question on the sales slip and have it ready for presentation to the Merchants' Messenger by 6 p. m. Monday.

If you are not going to be home Monday between 6 and 7 p. m., leave your sales slips posted near your front door.

Every adult in Upland, Alta Loma, Cucamonga and Etiwanda is eligible to participate in the Upland Merchants' Dividend Day. A directory has been especially compiled to include every house address in these communities.

The dividend sales do not have to be for cash, a "charged" sales slip being acceptable. In all fairness, however, a sales slip for payment cannot be eligible for use on dividend day.

Receipts of payments on account for purchases since March 1 are not eligible for use as sales slips.

LEAGUE OF CITIES CALLS OFF DINNER

Postponement of the dinner meeting of the Citrus Belt League of California Municipalities, which was to have been held at Upland Woman's club tonight, was announced yesterday by Mayor L. W. Covert, Beaumont, citing the incidents of coastal defense activity of the past few days as reason for the action. Mayor Covert's decision was announced by City Manager R. G. Manley, who is a member of the program committee with Mayor F. S. Hunter, Redlands, and Dan Huckins, Corona.

Repercussion of the Japanese shelling of the Santa Barbara coast had immediate effect upon the meeting, inasmuch as Mayor Patric J. Maher of Santa Barbara had been scheduled as the speaker of the evening. As a result of the Goleta incident, Mayor Maher cancelled his engagement, feeling he should remain at his post of duty. The subsequent night's blackout cinched cancellation of the meeting for all concerned.

Indefinite postponement of the meeting also cancelled a fine program which had been arranged through the efforts of Mrs. George W. Cassell, and which included dance numbers by Joan Andreas, talented daughter of Mr. and Mrs. John A. Andreas, and granddaughter of Assemblyman Godfrey A. Andreas; also song presentations by "Los Cantadores" of Chaffey junior college.

CHAFFEY SENIORS IN RECORD NUMBER

Mid-term checks on Chaffey high school seniors eligible for graduation in June, 1942, indicate the largest class which has ever been graduated from the institution. Vice-principal Olof Snyder, in charge of this work, indicated that while many have incompletes or other deficiencies to make-up before that time, there are 446 possible candidates for graduation.

Despite student participation in national defense, few have discontinued school or resigned their candidacy for graduation. The number eligible is a gain of 76 over last year's senior classes and 71 above that of the class of 1940, the largest on record at the high school to the present time.

Delegates Elected To Conventions by Sons of Veterans

Election of convention delegates featured the business session of the meeting held Tuesday evening in the W. R. C. Memorial hall in Ontario by members of Alois Podrasnik camp, Sons of Union Veterans. Commander C. W. Jaggard presided.

Delegates named to represent the camp at the department convention in Hollywood in May, are Frank Way, A. D. Clay, W. H. Klepper, Carney Dailey and J. W. Seay.

J. C. Eames was elected delegate to the national convention to be held in Indianapolis in September. C. W. Jaggard was named alternate.

C. W. Payne was admitted to membership in the camp.

Commander Jaggard announced the meeting of District No. 2 to be held in the W. O. W. hall in Riverside on March 13.

For the program, W. W. Cushing entertained with a travelogue and pictures of the San Diego zoo, of Yosemite valley and other places were shown.

At the conclusion of the program refreshments were served by an Auxiliary committee.

SOCIETY

Wee Donna Lee Busch Given Welcome at Tea-Shower

Wee Donna Lee Busch, the winsome six weeks old baby that has become a member of the Henry M. Busch family, was the center of attention Thursday afternoon, when a group of friends held a surprise gift shower in her honor.

With Mrs. Busch expecting only a few friends in to see the baby, the self-invited guests arrived at the Busch home, 1429 North Euclid avenue, and happily surprised their hostess.

Many beautiful gifts for the baby were presented to Mrs. Busch and a happy time was spent inspecting the dainty articles.

A tea also was a pleasant feature of the afternoon. Sweet peas in various pastel shades graced the tea table, at which Mrs. Rex E. Lawhead and Mrs. Harold Hemingway presided.

Hostesses were Mrs. Floyd Campbell, Mrs. Harold Hemingway and Mrs. George Miller.

Others attending, besides Mrs. Busch and Donna Lee, were Mrs. Ralph Scott, Mrs. Vernon V. Paine, Mrs. Earl L. Wenger, Mrs. W. G. Patton, Mrs. Robert Marineau, Mrs. Rex E. Lawhead, Mrs. Truman Ackerson, Mrs. Bert Reed, Mrs. Lowell Donnell, Mrs. Roger Moore, Mrs. J. Harvey Siegrist, Mrs. Harvey Gallaugher, Mrs. Jarvis Leman, Mrs. Jack Hansen and Mrs. James McCoy.

Girl Scout Defense Work Will be Sponsored by Kappa Sigma Kappas

Kappa Sigma Kappa, newly organized sorority dedicated to the advancement of Girl Scout work, gave its first "rush" tea on Monday at the home of Miss Barbara Gray, 854 North Euclid avenue, with Miss Ethel McCorkindale as the sponsor of the group.

Composed of college girls formerly members of Chaffey Girl Scout troops for many years, the sorority has been formed for the purpose of aiding Girl Scout organizations in organizing their activities to fit into the national defense program, it was explained at the meeting by Miss Jane O'Kane, president of the club.

The afternoon's program included numbers by a flute trio which included Lola Ray, Virginia Nelson and Elizabeth Schorr, accompanied by Carolyn Wise; and vocal selections by Lynette Grahame. Bearing temptingly arranged candies and cookies, the tea table was prettily decorated with pink peach blossoms. In charge of arrangements for the occasion were Misses Jean Rheison, Virginia Nelson, Mary Keller and Jeannette Hanson.

Sorority guests included: Misses Lorraine Moore, Lila Mae Beck, Betty Hesemann, Marian Kramer, Jerry G. Quillish, Lola Ray, Georgia Sleuman, Marcelle Davis, Elizabeth Schorr, Ruth Jean Blackman, Phyllis Bennetts, Wilma Mosher, Chamozelle Allen.

Wanda Lee Keene, Evelyn Rhodes, Phyllis Runyon, Cecile Hudson, Marilyn Spencer, Jean Haupert, Jean Pehl, Claire Bondelle, Shirley Patterson, Wendy Millar, Alta Fay Nelson, Maribel Edwards, Mae Kropp and Jean Stewart.

Members present were: Misses Virginia Nelson, Jane O'Kane, Pearl Pennington, Phyllis Stone, Betty Hoppe, Dorothy Murray, Evelyn Schmidt, Margaret Bercich, Caroline Wise, Ruth Snider, Lynnette Grahame, Jeanne Reinsen, Mary Keller, Jeannette Hanson and Barbara Gray.

Special guests were Mrs. Frank Phillips, Chaffey Girl Scout commissioner; Mrs. E. E. Gray and Miss Katherine Dawson, Chaffey Girl Scout executive.

GOODBAN ELECTED TO CHAFFEY POST

Alan Goodban, freshman in Chaffey junior college, was elected secretary-treasurer of the Associated Men Students in the junior college during an association meeting held at noon today.

Curtis Burbank of Ontario was elected president of the student group.

Young Goodban is the son of Mr. and Mrs. James E. Goodban, 572 East Arrow highway. He is majoring in chemistry.

Old Clothes Bundles To Pay Admission To Welfare Tea

"Pay your admission with a bundle, enjoy a delightful afternoon and help the Welfare shop", is the alluring invitation being extended to the public by the Upland Junior Welfare League, as preparations are made for the bundle tea being given as a benefit for the Leagues' used clothing shop.

The bundle tea will be held in the Upland Woman's club house in the afternoon of Friday, March 6. A bundle of used clothing will be the only admission fee asked.

Of special interest to all who attend the tea will be the address to be given by the noted Chinese lecturer, Mrs. H. C. Mei of Claremont.

Mrs. Mei, a woman of charming personality and fluent speech, will discuss the present day women of China and her talk is certain to be highly informatiove and interesting.

Mrs. L. Dudley Phillips, shop chairman for the League, is serving as general chairman for the bundle tea. Mrs. Nelson A. Gray and Mrs. Beecher F .Hungerford compose the refreshments committee, and Mrs. Ralph Sage and Mrs. Keith Koehler will be in charge of the tea table and decorations.

It is not too early to begin to select the used clothing for those admission bundles.

ENTRIES PLANNED FOR FLOWER SHOW

With increasing enthusiasm for the annual community event, men, women and children throughout the Upland area and the West End are visualizing all kinds of exhibit arrangements for the flower show to be held on Wednesday and Thursday afternoons and evenings, March 11 and 12.

Soon they will be making definite plans and just before anyone —except the committee—realizes the fact, it will be time to prepare and enter the displays.

Two displays that are certain to be popular, both with the exhibitor and with the spectator, are the "victory garden" or fruit and vegetable arrangements and the patriotic arrangements. Wide scope for original and unique designs will be offered in these two displays, as there will be in all other classes, as well.

CLASSIFICATIONS

For the benefit of those who are not yet decided as to the kind of exhibit to enter, the list of classifications is repeated as follows:

Bowl and vase arrangements (any container, and flower)—Living room, dining, breakfast, tea table, hall.

Weeds, Dried Materials, Cacti, Succulents—With rocks or wood.

Patio arrangements.

Old Fashiones arrangements—(Heirloom vase or bowl).

Oriental arrangements.

Fruits and Vegetables.

Miniature arrangements.

Camellia and Azalea arrangements.

Special Day arrangements.

Patriotic arrangements.

Arrangements by men.

Special exhibit by children of Elementary school and junior high school.

Awards will be given in each classification as follows: Blue ribbon, first place; red ribbon, second place; yellow ribbon, honorable mention.

Special awards will be given for the most original entry, the most colorful, most unique container, and most humorous entry.

The flower show will be held in the large dining hall of the First Presbyterian church and the general committee in charge includes Miss Elizabeth Harris, chairman; Mrs. George Swendells of Ontario, Mrs. Thos. H. Harris and Mrs. H. M. Guy.

There will be no charge, either for entry of exhibit or for admission.

Final Service for Willis Trautwein Held on Thursday

With many scores of persons completely filling the auditorium of the Brethren in Christ church to pay tribute to their departed friend, funeral service was held Thursday afternoon for Willis Trautwein, 21-year-old son of Mr. and Mrs. H. C. Trautwein, who passed away Sunday.

The service was conducted by the Rev. C. R. Heisey, pastor of the church, who was assisted by Dr. Henry G. Brubaker, the Rev. B. M. Books and Bishop J. H. Wagaman.

The Victory trio, composed of Raymond G. Niesley, Arthur M. Climenhaga and Eldon F. Bert, sang three selections, "Safe in the Arms of Jesus", "Sometime We'll Understand" and "We'll Say Good Night Here and Good Morning There".

There were a great many beautiful flowers brought as tribute to the memory of the departed and as expressions of sympathy for the bereaved family and the young man's fiancee, Miss Esther Book.

Pallbearers were David Musser, Maynard Book, Woodrow Wiles, Wayne Book, Glenn Franklin and Marion Book.

Interment took place in Bellevue cemetery and during the graveside service the trio sang "Asleep in Jesus".

The Stone funeral home was in charge of arrangements.

A Friendly Drug Store in a Friendly Community

Folks, our merchandise for this February Birthday Sale did not arrive until the 15th—90% of it arrived, and that's batting mighty good for these heroic times. Last Saturday every subscriber to The Upland News received the Good News—four pages in Technicolor. Front page tells about the handsome 15-piece Kitchenware Ensemble which women greatly admire (and covet). This is artfully exposed in one of our show windows.

Have Some Fun—Be a Quiz Kid

On the same initial page is a Birthday Sale Quiz of fifteen questions. Use the big Rexall Birthday Sale Bill—(if you "aint got none" come in for one today.) Read the questions and study the Sale Bill. It's no push over.

The 15th question counts 30 points. It is limited to 15 words or less.

Somebody with a keen, searching mind and the ability of saying something simple and to the point is going to get this $14.95 Baked Enamel Kitchen Set —and a lot of the girls have their eye and heart on it. —MAC SAYS SO!

Concerning the prices and the values available through this Birthday Sale—the law of supply and demand on some of these items plus taxes and restrictions—will no doubt make present prices look pretty good. All of us good naturedly face the facts that war footing is going to delay shipments and interrupt the old time even flow of goods in all lines of trade. This you and all the business houses will take with a smile. To a mild degree at least it might be well to check up on your household supplies and buy your wants—at least your needs—while the offerings are most advantageous. You can't go wrong on any item we offer you on this Sale—two more days! —MAC SAYS SO!

Regardless, notwithstanding——and nevertheless—— our policy has been, is and will be—
"Your Money's Worth, or Your Money Back"
——and we mean every word.

Need for Tires Does Not Qualify One to Buy Them

RATIONING BOARD UNABLE TO SUPPLY MANY APPLICANTS

In the absence of any instructions on the issuance of retreaded and recapped tires, Upland Rationing Board cannot as yet issue any certificates for the purchase of such tires, it was declared today by R. C. Norton, chairman of the board. When such information is rceeived by the board, it will be made public, Mr. Norton promised.

Pointing out that many unnecessary and impossible demands are made upon the rationing office,, Mr. Norton asks that the public exercise consideration and discretion in its demands, thus saving both its own and the board's time. Only those designated by the government as eligible to purchase tires may do so, he emphasized, and unless one is thus qualified there is no use to take up the board's time, no matter how great a need there may be for a person to have tires.

The only vehicles in Upland which are eligible to have new tires are those used by physicians, surgeons, visiting nurses, ambulances, fire and police departments, rural mail carriers, farmers' tractors and trucks, and such as are used for protection of public health and safety, garbage disposal and sanitation, or for the transportation of school children and teachers, raw materials or materials for the building and maintenance of roads and public utilities.

Many people, it is said, make application to buy new tires because they need them badly to go to and from work. The board regrets that it cannot supply such needs, and advises people not to make application unless they can qualify under the restricted list in the foregoing paragraph. The only exceptions to the qualified list of eligible tire purchasers are those who own cars which mount obsolete sized tires. And these will be available only so long as the supply lasts. Purchasers of obsolete tires, like purchasers of new tires, will have to secure certification from an inspector that they need tires.

Upland's quota of truck tires has been entirely sold for this month, Mr. Norton reports. The quota of passenger tires has been sufficient, due to the fact that few applicants were able to qualify under any of the restricted classifications. Sale of obsolete tires has been going strong this month, he said.

Purchasers of obsolete tires during the past week included: George M. Smith, Cucamonga; Robert Martinez, 727 East First street, Claremont; P. W. Rohrbaugh, 560 North Euclid avenue, Upland; Ursolo Martinez, Cucamonga; M. C. Book, 421 Twelfth avenue, Upland; H. S. Campbell, 293 Eleventh avenue, Upland; Junior N. Simmons, Alta Loma; G. Darwin Brest, 551 North Campus avenue, Upland. Truck tires were purchased by Willis A. Norton, 742 North Euclid avenue, Upland.

Major Smalley Is Promoted to Rank Of. Lieut.-Colonel

Word of the promotion of Major Anson J. Smalley to the rank of lieutenant-colonel has been announced by the war department, it was learned in West End circles this week. Colonel Smalley has been assigned to command of the First Battalion, 185th Infantry, 40th Combat Division.

Before being sent to Fort Benning, Georgia, for special training in 1941, Colonel Smalley was a member of the Chaffey high school faculty and commander of Company G, West End unit of the National Guard. He served in the Mexican campaign against Pancho Villa and with the Rainbow division in France, where he received his commission and advanced to the rank of Captain.

LIONS TOLD ABOUT HAWAIIAN ATTACK

Blackouts come on regular schedule at dusk and last until dawn in Honolulu night after night, Mrs. C. C. Gill of Claremont told members of the Upland Lions club in the Red Hill Country club house at noon yesterday.

Since the attack, blackouts have been in effect every night, no civilians being allowed outside of their homes while it is dark, she said.

She is the wife of a major in the army medical corps and they were in the midst of the Japanese attack Dec. 7. Her vivid eyewitness account of the attack and of the experiences following were unusually interesting and especially timely because of the southland experience this week.

Having recently arrived in Claremont, her former home, Mrs. Gill and her two sons are evacuees from Honolulu.

While the U. S. defense forces immeditely got into action against the Jap invaders, Mrs. Gill said that bombs rained screaming horror on the populace and that machine guns were turned on all moving objects, people and buildings in an apparent attempt to terrorize the islanders.

A make-shift bomb shelter was available blocks away and Mrs. Gill and children fearfully left their house and under the protection of the trees safely made their way to the shelter. When the attack subsided they motored over a road made rough by bomb craters, to a friend's country home, where they stayed eight day, Mrs. Gill recounted.

Leigh Thompson, president of the club, presided. Sam D. Barker was the news commentator for the day.

WEDNESDAY AIR RAID BLACKOUT

(Continued from Page One)

ness of the whole countryside, the ominous silence save for the muffled thunder of the guns and the penetrating cold of the early morning hours.

ADAMANT TRAFFIC RULE

One only needs the word of any motorist who tried to get past Upland that its traffic control was tight, and there were scores of late home-comers and early-to-work-goers who formed long ranks of curb-watchers. No arguments prevailed. Defense workers on their way to plants were assured their jobs would wait and that the night shift would stay on till they got there. Civilian employees also were told that their customers would be as late as they were, since they could not move either, until the all-clear sounded.

Only vehicles which ran the gauntlet of guards were the police patrol and an ambulance in answer to aid a man injured in a wreck. Continual sounding of an automobile horn in the neighborhood of Twenty-first street caused W. N. Williamson to investigate its source about 4:30 a. m., to find a man, with his leg painfully broken, who had been trapped in his overturned car for over two hours.

MANY TRY BUT NONE PASS

While on the serious side, defense and other workers eloquently argued their pleas that they must get to work on time to no avail, there also was an amusing incident or so. A car traveling on Foothill boulevard without lights was flashed to a stop. Its driver, flashing a star and announcing himself a deputy sheriff, wanted to know by what authority he was being stopped, and declared that other guards had permitted him to continue on his way on his own responsibility. However, he was politely and firmly informed that his responsibility and travel ended with the Upland guards, and that it did not make any difference to them who or what he was, he would have to stop right there and wait it out. So he pulled over to the curb and slept out the duration till dawn.

In another instance an air raid official deliberately tried a trial run to see how far he could get. He made just three blocks, and was stopped cold by guards for no gain. Even the ambulance on its mercy run almost failed to get through the cordon of deputy traffic police, due to the fact that it was not equipped with prescribed blackout lights.

SOUR NOT SIGNAL

On the whole, Upland's blackout was total. Early risers, who did not know of the blackout upon arising, complied promptly with requests of wardens to extinguish their lights. Through it all, Upland air raid wardens and fire watchers gained excellent practical training from actual blackout experience. The training value of the real thing was so effective that a practice alert which was scheduled for workers last night was cancelled.

Only confusion experienced during the blackout was occasioned by the sounding of the second blackout alarm by Ontario. This caused a flood of some 100 telephone calls to Upland police station. People who had not heard the original blackout signal called to ask where the fire was or if it was a blackout alarm. Many others, who knew that a blackout was in force, called to learn if the signal was the all-clear.

WORD FROM LONG BEACH

Interesting note from the actual scene of the anti-aircraft action is related by Dr. Ralph D. Ryan. He heard yesterday from his mother and two grandmothers who live in Long Beach, where the firing was heaviest. They declared that shrapnel raining on one's roof can be most disconcerting. Otherwise, they said, the blackout and AA firing was without incident so far as they were concerned.

TOTAL OF TOTALS

San Antonio canyon resorts, called during the blackout, replied that their canyon was the most totally blacked out district to be found. They said that that time of night is a total blackout with them every night with very little exception. All that could serve as a beacon in their territory, they gave assurance, was the snow crowned summit of Baldy in the moonlight.

WARMTH WANTED

Principal repercussion of the blackout was the marked increase yesterday of the sale by local stores of mackinaws and fleece-lined coats, warm gloves, long heavy undergarments and wool socks. Even ear muffs would sell if they were to be had. Upland blackout wardens, fire watchers and deputy police are not going to be caught again in some of the chilly outfits which they were able to get together in the darkness Wednesday morning. Even the sight of the AA pyrotechnics did not crowd out of the consciousness of many a worker the fact that he was slowly chilling to the very marrow of his frame.

NEW ENGLAND MUTUAL
helped thousands of American families
WIN FREEDOM
from fear and want

WHILE nations fight a world war for freedom from aggression, *families* must continue to wage their struggle for the personal independence which is so vital a part of our way of life.

And New England Mutual helps win both victories —by protecting the home and assuring children's educations—by investing in Government Bonds and essential industries.

This Company has provided steadfast life insurance protection through the wars and depressions of a century—has steadily gained in strength in spite of many critical economic periods.

That this consistent growth still goes on, even in these difficult days, is evidenced by the 1941 financial statement below:
